Subject: LEAVES

Importance: High

Good morning,

We have been receiving many calls as to why the bags of leaves are not being picked up, mainly the Sunrise Canyon subdivision. It is that time of year where everyone is raking their yards, spring clean up. What I am asking, is there a specific time frame as to when all the bags of leaves will be picked up? I would like to have an answer for when the next customer calls in. Thank you for your assistance.

Happy St. Patrick's Day
