Good afternoon Kim,

That is wonderful to hear, I know the team has been working very hard for us all. I pray the streak continues! I am including District Manager, John Munoz, so he can share the feedback with his Route Managers and drivers.

As for the draft agreement - I would like to send you the full file, which includes proposed amendments in line with the ASL conversion and residential/multifamily definitions all at once. We are striving to have this finalized for your review by the 22nd. Does this timeline work for you?

Chris,

Just a quick note to let you know that yesterday was another heavy trash/recycle day in UC. A lot of house with 10 to 30 bags of leaves. I am happy to report that I drove the yesterday's route and the WM driver's did a fantastic job of getting it all picked up! No one complaint was received yesterday or today—Halleluia!!

On another note, your attorney was going to take a stab at the new contract. Any idea when that will be sent to me?
