**Importance:** High

Is there anyway we can add a map in the truck for the driver to follow? Especially where Universal City ends. Or how can we help this customer? Please advice.

Brief Description (or other problem not listed)	I live at a corner of Universal City and Selma, the driveway faces Phoenix and the house faces Parthenon Place. Several times a year, over the past 20 some years, I assume when WM gets a new driver or otherwise the normal drivers changes, my garbage gets skipped as they think I'm Selma. Calling WM is a 50/50 chance getting that week's pickup rescheduled, no less resolve the issue.
---	---

I don't know if anything can be done. It's frustrating enough living within WM's restrictive pickup requirements (# yard bags, loose branches/such cut and bundled, etc.), but when they just skip my pickup completely as they pickup my neighbors, it really is infuriating. So my garbage sits days sometimes at the sidewalk - when you call they ask to leave it out - I get the feeling that's to appease the client to thinking they're actually dispatching someone or something to pickup they missed, but instead figure they'll just get it on the next pickup day.
