**Importance:** High

I called Ms. Alvarez, she did say she would put the trash can by the driveway and sidewalk. I explained to her it needs to be by curb/street area. Ms. Alvarez said she will make sure it is by curb/street moving forward. Thank you for the update. It helps to better communicate with the residence.

Good morning everyone,

I spoke with the driver as to why the trash at this address was not picked up yesterday. The driver stated the can is typically up in the driveway/sidewalk area. The cans (both trash and recycle) need to be on the curb/street area please. The driver is working his way toward her street to do recycle collection as we speak.

I will have a different driver go by today to do a trash pick up as well.

Please request the customer have both trash and recycle cans on the curb/street area today and all pick up days moving forward.

**Thank you,**

Good morning,

Ms. Alvarez called yesterday 4/12/21, that once again her garbage was not picked up. She saw the Waste Management truck pick up her neighbor's trash and just passed by her house, even though the trash can was sitting out there. The last time this happen it was 01/11/21, ticket #97700. Ms. Alvarez has lived at this address since 02/04/2011 and I also checked the

Garbage Report list I sent to Mr. Mike Flores and Mr. Christopher Cox, and she is on the list. I did tell Ms. Alvarez to leave her garbage can out and hopefully WM will pick it up. Please advice.
