Good afternoon Kim,

Absolutely, I will work with our area Finance Department staff to identify this information for you both.

Within this proposal, the City would provide billing and bill collection services for Residential Units included in the franchise area. This would allow the Utility Department to include a franchise or administrative fee of the City's choice, on top of the rates charged by WM to the City. If you would like to revisit this item we certainly can.

Subject: [EXTERNAL] Universal City Franchise Fees

Chris,

As you may already know, Pat Collins, Universal City Finance Director has retired. Jessica Moore, new UC Finance Director, and I are trying to find a paper trail on UC franchise fees from WM. Is there a way that you can get information for 2018-2020 for us that indicates the franchise fees collected for residential and commercial for Universal City. If possible, we would like the residential franchise fees collected shown separately from the commercial franchise fees collected.

Also, I believe in past years the schedule in the contract included the 10% franchise fee in the residential rate, but the proposed ordinance does not include the franchise fee. Is there a reason that the franchise fee is being removed from the monthly rate on the exhibit to the contract?
