Good morning Kim,

As promised, please see the attached electronic file of our proposal. The brush frequency line, listed in Schedule A, has been updated to match section 5.02. This was commented on at the end of our meeting.

I am also including two additional documents you may find useful during discussions with staff and council. They are:

1. UC Services Explanation 2021 – Summarizes the services offered in proposal specific to Universal City.
2. Automated Side Load Fact Sheet – Describes automated side load collection, its benefits and guidelines associated with new carts.

I look forward to hearing from you both and visiting during our follow-up meeting.

\*\*Jessica Moore and I spoke earlier today. She will be receiving the requested information for 2018-2020 shortly.
