Chris and John,

Thursday next week at 11am works for me.

John, we still have a spring cleanup dumpster still sitting full in our old Yard. Could you schedule for this dumpster C-842 to be pulled with no return. (see attached photo)

Good morning Kim,

Absolutely, we will review and provide a suggested size/frequency for the facility.

Please note we have received the staff comments you shared. John, Rick & I are scheduled to review this week. May we look at some dates to revisit early next week?

Chris,

At the staff meeting today we discussed the upcoming contract. There were several mentions that the dumpster at City Hall next to the police station is often overfilled. Can you look into this and determine an appropriate size for this facility. The dumpster serves FD, PD, court, development services, utilities and administration.

Thanks.
