**Attachments:** UniversalCityBoundary\_2021.pdf

Chris,

As a means of reminding you, there are three properties in the City's ETJ on FM 1518 that WM also provides trash service. The City's bills each of those residents and includes them in our monthly count. We noted those three parcels with a yellow

Mike,

Would you or the route Managers be able to assist with this for Wesley over at UC?

Mr. Cox,

Hello. This is Wes Keller with the City of Universal City. Per our phone discussion this afternoon, I am trying to set up a web app where people can put in their address to see if they are affected by the alley closure that's going on. I have narrowed down the parcels to those which back up to the alleys where you provide trash service. Would you mind having someone eliminate parcels which normally have trash pickup in the front? I would really appreciate it.

Here is a map for someone to mark up.
