Hi Chris,

I am getting the information together to print in the Gateway magazine. In the Automated Collection packet that was given to Council, there was a graphic of a postcard and mailer. Do you have the graphic that you can send me? I would like to use pieces of it with the article. I would also like to get a couple pictures if possible. I like the one with the trash truck driving down the street between the WM trash carts and the one on the cover page of the truck lifting the trash carts.

I appreciate any assistance with acquiring these files as soon as possible.

Thank you.
